The Ending Daily Balance does not reflect any pending withdrawals or holds on deposited funds that may have been outstanding on your account when your transactions posted. If you had insufficient available funds when a transaction posted, fees may have been assessed.

< **Business to Business ACH:** If this is a business account, this transaction has a return time frame of one business day from post date. This time frame does not apply to consumer accounts.

**IMPORTANT ACCOUNT INFORMATION****Reminder about effect of pending debit card transactions on your account**

For each debit card transaction, we place an authorization hold on the "pending" transaction until the merchant sends the final payment instruction to the bank. We receive final payment instructions for most transactions within one to two business days, but we generally must release the authorization hold after three business days. If a merchant does not send the final payment instruction within that timeframe, we must honor the transaction when the final payment instruction is received. While the authorization hold is in effect, these transactions reduce your available balance. The transaction will be paid when we receive it for payment. If transactions are presented for payment when your account has an insufficient available balance, you may be charged overdraft and/or insufficient fund (NSF) fees on those transactions. The bank will assess no more than eight (8) \$35 overdraft and/or NSF fees per day.
